Re: An Act Concerning Misdemeanor Sentences

To Whom It May Concern,

I write to you today in support of letting people who have committed misdemeanors stay in this country. As a parent and a member of the community, plain and simple, our communities are less safe and less healthy when families are torn apart, and the current case of Wayzaro Walton is a perfect example of this. People who have committed misdemeanors are NO THREAT to anyone, and initiating deportation based on this amounts to cruel and unusual punishment. I hope you will consider this opportunity to do the right thing and to save individuals, families, and children from needless trauma.

Thank you.

Sincerely,

Laura Rozza
